

1 recall.

2 Q. With your arms over Mr. Kister, how far did you
3 travel sort of on Mr. Kister's back?

4 A. I would say no more than a step, two steps, and I
5 finally -- My head hit the wall, and I went -- went for --
6 got stabilized against the wall.

7 Q. So you would have been facing east; is that
8 right? You would have been facing in this direction
9 (pointing)?

10 A. That's right.

11 Q. And this happened right by the drinking fountain;
12 correct?

13 A. No, it didn't. It started at the drinking
14 fountain, this side, between the drinking fountain and the
15 door, just about at the door.

16 Q. Okay.

17 A. And we stumbled past the doorway, I think, and I
18 hit the wall just this side of the doorway.

19 Q. So you started just west of the doorway and you
20 finished up just east of the doorway?

21 A. That's right.

22 Q. Still facing to the east?

23 A. That's right. And it was just a step or so into
24 the door into the hearing room, and I got myself
25 straightened up.
